Students Experience What It Means to be a Cop

WHAT: The Wylie Junior Police Academy is a week long program for 7th - 9th grade students who are interested in law enforcement or have a general curiosity about the profession. Student cadets experience and participate in many elements from a real police academy including active shooter scenarios, patrol tactics, traffic stops, and crime scene investigation.

Every morning begins with physical training focused on teamwork including boot camp style PT and obstacle course. The Junior Police Academy builds confidence in participants and gives them a small peek into what a law enforcement career is all about.
